### PROFILE

Senior SEO & GEO Specialist with 6+ years in SEO across agency and in-house roles. I build answer-first content systems for AEO, SGE, and GEO, run technical and local SEO programs, and measure AI search visibility at page level with clear claim limits. I also build AI-assisted content workflows with human QA.

### CORE EXPERTISE

Technical SEO · Site audits · Crawlability and indexation · On-page SEO · Schema markup · Content strategy · Topic clusters · Content audits and gap analysis · Local SEO · Link building · Conversion tracking · AEO · SGE · GEO · Answer-first content · AI citation measurement · AI-assisted content operations

### EXPERIENCE

Apr 2026 – Nov 2026

**Senior SEO & GEO Specialist**
Rocket Clicks · Wisconsin, USA

- Own SEO strategy across client accounts, running technical audits, developing content briefs, and overseeing local SEO initiatives.
- Design answer-first content systems for AEO and GEO: definitional intros, question-led sections, FAQ blocks, source citations, and schema that help AI Overviews and LLMs extract and cite client pages.
- Measure AI search visibility at page level using Semrush AI Visibility, GSC Generative AI Features, and citation tracking, reporting gains with explicit claim limits.
- Contributed to a credit union GEO program that produced 180,938 Google Generative AI feature impressions in August 2026 (+7.1% MoM) and increased page-level AI citations, including 8 to 26 prompts for an auto-loans page.
- Led AEO content and local strategy for a family law firm: business-relevant query impressions +19.5%, prenup guide clicks 4 to 14, and GBP calls +51.5%.

Dec 2024 – Mar 2026

**Search Engine Optimization Specialist (Support Channel Specialist)**
Rocket Clicks · Remote

- Resolved SEO requests across client accounts, triaging and addressing technical, on-page, content, and local SEO issues.
- Troubleshot and implemented conversion tracking fixes using Google Tag Manager (GTM) and Google Analytics 4 (GA4).
- Implemented and troubleshot JSON-LD schema markup across page types to improve structured data accuracy and rich-result eligibility.

Dec 2023 – Dec 2025

Part-time SEO & GEO Specialist
Dream Assurance Group · Kansas, USA · Project-to-project

- Led site migration, information architecture, brand intelligence, and answer-first content/schema updates for a US independent insurance agency; organic clicks +63.0% and impressions +104.8% in the following quarter (Dec 2025 – Feb 2026 vs Sep–Nov 2025).
- Apply AEO/GEO to service pages and blogs: answer the query in the opening paragraph, structure follow-ups as question-led sections, cite authoritative sources, and add FAQ/schema for extractability.
- Map AI Overview exposure across 685 tracked queries; identified 561 (81.9%) with AI Overviews and 107 top-10 terms to prioritize content and schema work.

- Build AI-assisted content calendars and briefs using brand-intelligence and audience/persona inputs, with human review of claims and sources.

Mar 2022 – Jul 2023

SEO & SGE Specialist
First Page · Hong Kong, China

- Ran technical SEO audits and keyword research for client websites across APAC.
- Analyzed content traffic and drove SEO improvements in content creation and optimization.
- Structured content for featured snippets, People Also Ask, and other SERP features; implemented schema markup and on-page optimization.
- Contributed to client results including +105% non-branded organic traffic for RELX APAC and +273% organic traffic for Tuttee (team work).
